

Hrishikesh Varma

FRONTEND DEVELOPER

Phone: +353 89 232 4411 | Mail: officialhrshivuk@gmail.com | website: <https://hrshivuk.com/>

Frontend Developer with nearly 3 years of professional experience building scalable, production-ready web applications using React, Next.js, TypeScript and modern frontend technologies. Experienced in developing high-performance, API-driven applications, managing application state, integrating REST APIs, and collaborating within Agile cross-functional teams to deliver user-focused digital products. Passionate about building maintainable frontend architectures, improving application performance, and creating intuitive user experiences through clean, scalable code.

Work Experience

Frontend Developer - Contract

Pixel Forge Design Limited - Dublin, Ireland

May 2025 - October 2025

- Built and maintained responsive, production-ready React applications focused on delivering intuitive user experiences.
- Developed reusable TypeScript components and scalable application architecture to improve maintainability and consistency.
- Managed application state and integrated REST APIs to deliver dynamic, data-driven frontend features.
- Implemented onboarding, authentication and payment workflows while collaborating closely with backend developers.
- Improved frontend performance by optimising rendering behaviour, reducing unnecessary re-renders and improving component efficiency.
- Participated in Agile development, code reviews and feature delivery from planning through deployment.

Tech Stack: React JS, Javascript, Material UI, Tailwind CSS, REST API Integration, Firebase

Frontend Developer - Freelance

Remote - India / Ireland

October 2024 - March 2025

- Built full React and Next.js applications from requirements gathering through deployment.
- Designed reusable component structures and responsive layouts for scalable frontend applications.
- Developed REST API integrations, dynamic dashboards and interactive user interfaces.
- Worked directly with clients to refine requirements and translate ideas into production-ready solutions.
- Applied accessibility, responsive design and SEO best practices to improve overall user experience.

Tech Stack: React JS, Next JS, Javascript, Tailwind CSS, REST API Integration

Frontend Developer Intern → Associate Frontend Developer

Experion Technologies – India

November 2022 – August 2024

- Contributed to the development of digital products across education, healthcare, and eCommerce sectors.
- Built responsive user interfaces using React, Angular, Vue.js, TypeScript, and modern JavaScript.
- Developed reusable frontend components, TypeScript utilities and internal framework improvements to improve development efficiency and maintain code quality across multiple projects.
- Collaborated within multidisciplinary teams to deliver production-ready features aligned with business and user requirements.
- Participated in feature development, testing, debugging, optimisation and code reviews to ensure production-quality releases.
- Worked closely with stakeholders and team members to deliver scalable, user-focused solutions.

Tech Stack: React JS, Angular, Vue.js, REST APIs, HTML5, CSS3, JavaScript, Typescript

Education

MSc in Creative Digital Media & UX (First-Class Honours)

2024-2026

Technological University Dublin, Ireland

Bachelor of Technology in Computer Science

2018-2022

APJ Abdul Kalam Technological University, Kerala, India
